

Policy for Payment Provider Integration on IRCTC Services (Air-ticketing, Retiring Rooms, Tourism Websites and Mobile Apps) - 2018

INTRODUCTION

IRCTC services (Air-ticketing, Retiring Rooms and Tourism) through IRCTC website, has revolutionized the way the common man deals with the railways and has been biggest success story of e-governance in India. Taking this further, keeping an eye on growing usage of Mobile Apps in India due to advent of revolutionized Smartphone, IRCTC has launched Mobile Apps to empower the customers.

To facilitate multiple payment modes through one payment option on IRCTC Services: Air-ticketing, Retiring Rooms and Tourism including Maharajas Express, etc. Websites and Mobile Apps (Android, iOS, Windows and BlackBerry, etc.). IRCTC is now introducing Payment Provider integration on IRCTC Services: Air-ticketing, Retiring Rooms and Tourism including Maharajas Express, etc. Websites and Mobile Apps (Android, IOS whichever is available), by interested Banks/Financial Institutes. The Main benefits of such payment integrations are as under:

1. The payment instrument will enable the customer hassle free transaction.
2. Provide wide range of payment options through single payment option.
3. To provide a consolidate view to the customer of the various payment options for IRCTC services (Websites & Mobile Apps).
4. Enhances user friendly experience and further the customer base available with preset MPP can also be benefitted.
5. Transaction failures due to payment gateway lags can be minimized.
